FIRST YEAR NINE EASY VICTORS OVER MANUEL IN ONE-SIDED CONTEST

Hughes, Freshman, Hurler, Allows Only Two Safe Hits in Game.

KITTENS GET 12 HITS

Game Called in Seventh Inning So Visitors Could Make Train.

The University of Kentucky freshmen baseball team under the leadership of Captain Adams, defeated the Louisville Manual representatives last Friday afternoon on Stoll Field by the overwhelming score of 15 to 0.

After a short snappy fielding practice by both teams, Leake first batter to face Hughes, seemed to take quite a liking to "Turkeys" offering and after a terrible swing he was perched on third base, the ball going to deep right almost hitting the fence. This was short lived for on the next play he was thrown out at the plate by Glenn. This hit with another by Ropke, in the second inning, were the only safeties annexed by the Fall City lads. Each of the Kittens hit the ball squarely for a grand total of 12 hits and 15 runs.

Hurler Waller, failed to fool any of the Kittens and before he could get three men out they had batted around and collected five hits and made six runs. Greweymer, who replaced Waller, received better treatment but his offerings were hit with little trouble.

The hitting star of the day was Johnny "Rabbit" Evans. He made three hits out of the same number of trips to the plate, one being a two bagger. He was forced to retire at the end of the third inning on account of his ankle which he broke during football season.

The real strength of the Kittens can hardly be determined as they have met with little opposition so far. They defeated the Georgetown Cubs 17 to 4, in the first game of the season. Coach Cooper has rounded his charges into

(Continued on page 5.)

STATE HIGH SCHOOLS TO COMPETE IN TRACK MEET

Annual Event of High School Association, Here May 4 and 5

The annual Interscholastic Track and Field meet will be held on Stoll Field Friday and Saturday, May 4 and 5 with a large number of schools represented. All High Schools of the State that are members of the Kentucky High School Association have been invited to send teams to the meet and a much larger number than has ever participated in the event, is expected to be on hand for Friday morning. A large number have already sent in their entries.

Gold, silver and bronze medals will be awarded to the men coming first, second and third respectively, in each event. A silver loving cup will be awarded to the high point man of the meet, while a beautiful silver trophy which must be won three times to be held permanently, will go to the winning team.

The University will furnish local entertainment and lodging for the visiting athletes.

U. K. DEBATERS WIN FROM EASTERN NORMAL MEN

Take Negative of National Debt Cancellation Topic

The debating team of the University of Kentucky, taking the negative stand, won a two to one decision here Monday night over the debating team of the Eastern Kentucky State Normal school, of Richmond, in the subject, "Resolved, That the United States should adopt the policy of cancellation of allied war debts under agreement that all allied nations cancel war debts in like proportion."

The affirmative team, that of the Eastern Kentucky State Normal school consisted of H. C. Ogles, Meredith Carpenter and Raymond Vincent. The university team was composed of G. W. Meuth, J. W. Gillon and J. Y. Brown.

Judges were Judge J. M. Stevenson, of Winchester; Thomas B. McGregor, of Frankfort, assistant attorney general, and Marshall E. Vaughn, secretary of Berea College.

JUNIOR MINERS RETURN FROM INSPECTION TOUR

Royal Welcome is Given By Old Kentucky Men in South.

Early Sunday morning a band of weary young mining engineers returned from an inspection trip of the Southland.

Leaving Lexington Sunday evening, April 15, they arrived in Knoxville, Tennessee, early the next morning, spending Monday at the zinc mines at Mascot, Tennessee, and Tuesday inspecting the quarries and mills in and around Knoxville. Tuesday at luncheon they were the guests of the Rotary Club of Knoxville. The tours around Knoxville were made possible by the splendid assistance and courtesy of the Knoxville Chamber of Commerce.

Wednesday morning they left for Copperhill, Tennessee, over a little railway winding thru the mountains. Arriving there at noon, they had luncheon and spent the afternoon going thru the sulphuric acid plant and smelter of the Tennessee Copper Company and Thursday morning visiting the copper mines. From Copperhill they embarked for Birmingham, stopping over for six hours in Atlanta. While in Atlanta they made a thorough inspection of the famous Peach Tree Lane. The results are not open for publication but unofficially it can be said that most of the boys are not nearly so firm in their belief that the Blue Grass ranks first as the home of beautiful women. Professor Crouse, in charge of the party, personally superintended this investigation. From Atlanta the journey was re-

(Continued on page five.)

ANNOUNCEMENT

The following men have announced themselves as candidates for the office of president of the Men's Student Council: S. B. Neal, Gardner Bayless, Dan Morse, Marshall Barnes, Bob Porter and Ray Stasser.

Editor's note—The foregoing announcement was turned in for publication in last week's Kernel but thru some error failed to appear.

STUDENTS AND FACULTY GO OVER HIGH MARK SET IN STADIUM CAMPAIGN

Success of Project Depends Upon Loyalty of Alumni and Friends.

FUND STILL GROWING

Captains and Workers Responsible for Success of Drive.

If \$34,497.50 was pledged on the University of Kentucky campus within less than one week when only \$25,000 of the \$200,000.00 needed was expected, then it is not safe to say what the University of Kentucky Alumni and friends are going to add to the \$175,000.00 expected of them. Kentucky will have a stadium, a basketball auditorium, a Patterson monument, and many more Kentucky students will be helped by the University of Kentucky student loan fund if the alumni respond as loyally as did the campus folk.

The campaign to raise \$25,000.00 was started on the campus Wednesday night and was officially ended Friday night with a return of \$34,253. Since then subscriptions amounting to \$244.50 have been turned in from the Experiment Station and Model High School. According to H. P. Fling, principal of Model High School, the Parent-Teachers Association, of which Mrs. Burt L. Sims, is president, intend to subscribe to the fund. It is to be taken up by the members at a meeting of the society this week and it is hoped that with this and other pledges that will come in from time to time, the \$40,000 mark will be reached on the campus.

There were 1,308 subscriptions taken on the campus during the three day drive which was one of the best records, campaign experts state, that has ever been made by any University launching a similar drive for funds.

The best record during the campaign was made by the Engineering Division which average \$26.46 per subscription taken. Not far behind the Engineers was the Arts and Science Division, averaging \$22.78 per pledge.

The largest number of subscriptions were taken by the Women's Division which turned in more than one-fourth

(Continued from Page 3)

LAMPERT TO GUIDE NEW MUSICAL CLUB

Kentucky Lyres, Name Proposed For New Organization

"The Kentucky Lyres" is the name proposed for the new musical organization which has been organized on the campus under the direction of Prof. Lampert of the Department of Music. It is the desire of this organization to do for music what the Strollers have done for dramatics at the University.

Officers for the coming year were elected at the meeting held Monday afternoon. Robert Clem was selected president; Jeanette Lampert vice-president; Max Heaverin stage manager; Elbert DeCoursey manager; Edna Gordon secretary, and Doug. C. Vest treasurer. Work for the opera for next year will start at once.

MAJOR TUCKER TO LEAVE U. K. FOR CAMP BENNING

Will Report September 15 at Infantry School of Arms

Major Albert Sidney Johnstone Tucker, now a member of the military staff of the University of Kentucky, has been relieved from duty here by the direction of the President and ordered to report to Camp Benning, Georgia, for duty in the Field Officers Class at the Infantry School of Arms. During the war he was with the 16th infantry of the famous first division in France. He was decorated by the French for gallantry in action and given the Croix de Guerre with bronze stars.

At the University of Kentucky Major Tucker served as Professor of Military Tactics in 1919-20, and is now serving as Assistant Professor of Military Science.

Major Tucker will complete the collegiate year at the University, and will report at Camp Benning September 15. It is with regret that Kentucky loses such a capable officer.

KITTENS DEFEAT UNION NINE IN SLOW CONTEST

Entire Yearling Outfit Hits Two Moundsmen Hard

Displaying a marked ability to swat the "ole apple" to the far corners of the lot, the University of Kentucky Kittens defeated the Union College aggregation 17-8 in a slow and listless contest on Stoll Field. "Turkey" Hughes was the shining light of the entire fray, holding the visitors to six safeties and fanning eleven, besides getting five hits out of as many trips to the plate, one a healthy swat to the right field fence that netted the Morton-Elliott product three bases.

The fielding of both teams was far from perfect, Kentucky getting credit for seven boos, while the Orange and Black were marked up for three.

Vossmeier and Evans followed close behind Hughes in the race for swat honors, the former driving out a home run and two singles in six attempts, and Evans a triple and a single in five tries. Each of the ten men that faced the two Union hurlers hit safely at least once.

Sore by innings:
Union College: 5 0 0 1 1 0 1 0 1—8
Kentucky: 10 3 0 0 0 0 1 3 x—17
Batteries: Pickett, Mayhew and Barker; Hughes and Sauer.

Professors J. B. Miner, Edward Wiest, L. J. Sindell, C. C. Anderson, A. N. May and J. C. T. Noe have returned from Louisville, where they attended the annual meeting of the Kentucky Educational Association.

SENIORS NOTICE

The Senior invitations are on display at the Book Store. All Seniors are requested to go and see them. No orders will be taken after May 15, as it is necessary to have all orders in to the publisher by that time. The prices are: 18 cents for paper, and 35 cents for leather. First semester graduates may obtain invitations by writing the committee. All orders will be taken by Mary Lyons, William Finn or Clyde Watts.

RAYMOND KIRK ELECTED EDITOR - IN - CHIEF FOR 1923 KENTUCKY KERNEL

Margaret Lavin Made Managing Editor; William Tate, Business Manager

NO APPOINTMENTS MADE.

Associate Editors, Reporters to Be Named During Next Week.

At a meeting of the Kernel staff held Thursday in the journalism rooms following elections were made for next year: Raymond L. Kirk, editor-in-chief; Margaret Lavin, managing editor; William Tate, business manager; Richard Jones, advertising manager; Cliff Thompson, circulation manager.

The meeting was called to order by Irene McNamara, retiring editor, who made a brief talk to the staff and expressed her appreciation to the members who have co-operated so wonderfully during her office as editor. Nominations were opened and Raymond L. Kirk, Paintsville, junior in the department of Journalism was unanimously elected editor. Kirk formerly held the position of managing editor, is a member of Kappa Sigma fraternity, Phi Mu Alpha, honorary musical fraternity, Alpha Delta Sigma, honorary journalism fraternity, and Keys, honorary sophomore fraternity.

Margaret Lavin, Paris, junior in the department of journalism, has been a reporter for the Kernel for the past three years and was appointed to the position as associate editor this year. She is a member of Theta Sigma Phi, honorary journalism fraternity, member of Su-Ky Circle, sponsor and was elected one of the six most popular co-eds in the University.

William Tate, Stanford, sophomore in the college of arts and sciences, has served as advertising manager during the past year. He is member of Alpha Delta Sigma, honorary journalism fraternity, Phi Delta Theta and Key and Thirteen, honorary fraternities, and president of the sophomore class.

Richard Jones, Lexington, freshman in the department of journalism,

(Continued on page 4.)

APPOINTMENTS MADE BY GRADUATE COMMITTEE

Fellows and Assistants Are Named for Next Scholastic Year.

The graduate school committee of the University of Kentucky last week announced the following appointments for the scholastic year beginning next September:

Fellow in psychology, Mr. E. J. Asher, of London, Ky., now a member in the university.

Fellow in chemistry, Mr. J. P. Holtzclarr, of Lexington, a graduate of Transylvania, with one year of post-graduate work in chemistry at the university.

Assistants, giving half-time to the university while pursuing their studies: Mr. W. A. Anderson, Jr., of Wickliffe, Ky., in botany; Mr. Roscoe A. Cross, of Mayfield, in history; Mr. W. H. Hickerson, of Owensboro, and Mrs. Nancy Williams, of Lexington.

o-o-o
 The program for June 12, 1923 should have a stronger appeal to alumni than any celebration on the campus since the Golden Jubilee in October 1916.

On this day it is planned to inaugurate formally the "Greater Kentucky" movement. Among the features proposed are dedication of the statue of Dr. James K. Patterson, laying the cornerstone of the Memorial Building and the usual class reunions and Alumni Association meeting. The classes whose numerals end in -3 or -8 will celebrate their anniversaries this year, also the class of 1920.

The new basketball building and club house probably will be formally dedicated November 29 when the Wildcats and the Tennessee Volunteers meet on Stoll Field for Kentucky's Home Coming game.

HELP PLACE GRADUATES

Buffalo Alumni Club Adds New Feature to Activities.

The Buffalo Alumni Club has added to its activities in organizing an appointment committee to place U. K. graduates with business houses of Buffalo. All applications received will go through the Executive Council, L. U. Milward chairman, and if accepted will go to the Appointment Committee for action. This committee is composed of O. K. Dyer, chairman, Luke Milward and Dr. R. C. Daniels. Dr. Phil Blumenthal is an ex-officio member.

"It will not be possible for the committee to handle many applications for it is a labor of love, involving much correspondence and personal effort for the local members," says Dr. Blumenthal. This committee also expects to co-operate with the proposed Placement Bureau of the University. The following results have already been accomplished: The Buffalo Forge Company offered positions to three engineers of the graduating class—two have accepted; the Bethlehem Steel Company has placed one engineer, who has already started work. C. W. Farrar, Excelsior Specialty Works, has placed an engineer in his office, to start after graduating in June; L. A. Harding has offered two engineers positions with the Chicago branch of his company, Harding and Crea, consulting and Construction Engineers, subject to approval of the Chicago office. The National Aniline Company will probably take one chemist of the '23 class.

HAVE GOOD MEETING

Cincinnati Alumni Gather at Gibson For Annual Affair

"You will be interested to hear of our successful dinner-dance at the Gibson House, Wednesday, April 11. All of the fifty persons present were disappointed in not getting to hear President McVey and exceedingly sorry that he was detained in Lexington. "Miss Simrall (formerly dean of women), gave an interesting talk on Kentucky Women, which has been copied and commented on by the Cin-

cinnati papers. The women of Kentucky, she says, now are most distinguished for their brains; the automobile has supplanted the horse, and good whisky is in disrepute.

"After dinner speeches were also made by Ellsworth Regenstien ex-'10, A. C. Collins ex-'05, T. C. Kelly '97, and Paul S. Ward, '98.

"Election of officers resulted as follows: President, R. E. Hundley '16, 3450 Rutler Avenue; vice-president, A. B. Phister, '11, 20 Tower Place, Ft. Thomas, Ky.; secretary, Adele Slade, '21, 71 Oak street, Ludlow, Ky.; treasurer, H. W. Greife ex-'03, 3628 Evanston Avenue, Cincinnati. Toward the close of the business session, a motion was proposed by H. L. Becker '22, and passed by the club, in regard to the necessity of having all alumni clubs work together on the same lines and at the same time.

"At the conclusion of the dinner and business session, members and guests enjoyed several hours dancing."—A. S.

o-o-o

Efforts to locate the 14,000 former students who did not receive degrees from the University of Kentucky will be re-doubled between this time and the June re-union. The Alumni Secretary has asked the co-operation of all members of the Association in obtaining the addresses of these "Kentuckians." One thousand of them are listed correctly now and 96 per cent of the graduates.

o-o-o

K. E. A. DINNER SUCCEEDS Alumni Teachers Show Desire to Help Alma Mater Grow

The annual K. E. A. dinner held at the Watterson hotel Friday evening under auspices of the Louisville Alumni Club was the best attended and most enthusiastic meeting since the custom was inaugurated.

President McVey, R. T. Whittinghill, Miss Emma J. Woerner, J. P. "Little Whit" Whittinghill, Dean F. Paul Anderson and Congressman J. C. Cantrill were among the speakers. Reports from the teachers visiting University Headquarters during the K. E. A. indicate that a great missionary work is being carried on by them. Excursions to the campus and lectures by alumni and faculty of the University are features planned by the alumni-teachers. Many of them reported that 100 percent of their graduating classes will become Wildcat supporters next September.

o-o-o

Many additional calls for addresses by members of the Student Speakers Bureau before business men's and civic clubs out over the State are being received at the Alumni Office.

An alumnus of another institution has said that this is contributing as much as any other factor to the better understanding of the University in the state-at-large.

o-o-o

Stationery Sales

"Find enclosed check for \$4.91, commission on \$24.55, total amount of sales for February and March."—Telegraph Printing Company, Harrisburg, Penna.

o-o-o

Joe M. Robinson ex-'18, is city salesman with the Kentucky Printshop Co., 416-418 So. First Street, Louisville. August 1, 1922, he married Susan G. Brechman, of Louisville. They reside at 1439 Tyler Park Drive.

"Things are looking GOOD for old U. K. with the splendid campaign that is being carried on through the state. The organization is coming fine and the spirit is good. Let her go!"—C. A. Loudermilk, ex-'21, Secretary Warren County Alumni Club, address 1376 High Street, Bowling Green, Ky.

Tom Gower ex-'12, is with the Armstrong Cork & Insulation Company, Milwaukee, Wisconsin, address 977 Fortieth street. Mrs. Gower was Myra Belle Chilton ex-'15. Her sister, Edna May Chilton ex-'15, is now Mrs. Roy Ashcraft, and is living in Louisville, Ky.

John Dunn ex-'10, brother of "Scrubby" Dunn '16, is with the Florida East Coast Railway, Fort Pierce, Fla.

THE SPIRIT OF PHILADELPHIA "RAISING WILDCATS"

Candidate for 1933 Wildcats
Son of A. Thornton Lewis, '06.

The photograph is of Dan Lewis, 8 years old, candidate for the 1933 Wildcats. This picture, to my mind, represents the spirit of the Philadelphia Alumni Club. That spirit consists of an earnest desire to be of service to the Alma Mater, and the necessary foresight is being used to accomplish this purpose. Those who are also doing their bit in this way, and will have candidates for future teams are Geo. C. Lewis, H. Berkeley Hedges, R. R. Taliaferro and C. M. Roswell.

Another aim of our Club, and one that is close to our hearts, is the establishment of a Philadelphia Loan Fund. We already have a start on this, and we hope as time goes on and prosperity smiles on our individual efforts, it will be possible to so swell this fund that it will be of sufficient size to maintain at least one student in each of the four classes. These things we can do even though we are so far removed from Kentucky that our political influence is not of great magnitude.

We want the Philadelphia Club to grow, and we hope that more of our graduates who fare from their own firesides to seek fame and fortune will understand that not only a most cordial welcome from the members of our Club awaits them, but also that big opportunities in a business way and pleasant home conditions can be found here.

Philadelphia is like no other city in the United States. Starting as the "Cradle of Liberty," it has never lost its deep sense of patriotism, which has grown and expanded to an intense love of home. There are proportionately more homes owned in this city than any other in the world. As the "Workshop of the World," it offers a splendid opportunity to a young man with energy, ambition and a Kentucky training. There have been many original ideas born here, and given to the world, so that, in a certain way, Philadelphia is a city of pioneering. These original accomplishments might be mentioned:

A real woman's magazine—The Ladies' Home Journal.

A weekly magazine for the business man—The Saturday Evening Post.

Both of these publications having circulations running into the millions, and larger than any other magazines in their field.

The first International Exposition was held here—The Centennial in 1876. John Wanamaker established here the first great department store.

The idea of building homes in blocks, instead of individual houses, originated here, and made tenements unnecessary.

The first large railroad locomotive plant—"Baldwin's"—was built here, and has today the largest output of any similar plant in the world.

The longest suspension bridge in the world is now under construction from Philadelphia to Camden, New Jersey, and will be completed in 1925.

The suburbs of Philadelphia are judged the most beautiful in the world, those of Paris ranking second. Philadelphia has in Fairmount Park, not only the most beautiful, but the largest park inside the city limits of any city in the world.

League Island, the U. S. Navy Yard, is the largest in the country, and during the war, Hog Island had more ship tonnage capacity than any shipbuilding plant in the U. S. These

yards, with others on the Delaware, exceeded the Tyne of England as a shipbuilding centre.

The Engineers' Club of Philadelphia incidentally the largest Engineers' Club in the country, originated the idea of centering all engineering and scientific activities in the city within its portals. This idea has been widely copied, and has come to be known as the "Philadelphia Plan." Among affiliated organizations is the American Society of Heating and Ventilating Engineers, whose Philadelphia Chapter has more members than any other Chapter, and, at the present time, the offices of president and secretary are each filled by a Kentucky alumnus.

In this atmosphere and with this stimulation, are we guilty of undue modesty in believing that eventually the Philadelphia Alumni Chapter is going to rival the best Club outside the borders of our home state? Right now, we'll back our officers, and especially our never tiring secretary, Roy S. Clarke, against the field.

The Philadelphia Alumni Club plan is to meet once a month at the home of one of our members, and once a year to have a banquet and dance. By meeting in the various homes, the sweethearts, wives and children of Kentuckians have an opportunity to become acquainted, the ties of friendship are strengthened, and allegiance to our Alma Mater is increased.

We are with you one-hundred percent in the fight for a better and bigger University. We want its influence to be felt in all walks of life, and we want every boy and girl in old Kentucky to have the opportunity to secure a higher education, and so be a more useful citizen to his state, his country and the world at large.

THORNTON LEWIS, '06.

Betwixt Us

"I see in the Kernel, the name of A. D. Murrell '05, as missing. He is running a rice ranch at DeWitt, Ark. He is married and has a son about twelve years old. I sold out my business here Tuesday and will take a sight-seeing and exploring trip through the north with Mrs. Bateman before going into anything else. By-the-way, Mrs. Bateman is a sister of N. Minton Creger '16, Celia Creger '18, and Helen Creger, class of '23, who died in her junior year, Frances Creger '26, and of Ben (Baldy) Creger at Centre—so you know she is a good scout."—Roy A. Bateman, ex-'10, Bradfordsville, Ky.

o-o-o

'75

Edgar T. Brown, who spent the last year in California, is now at home in Hart, Michigan, R. R. No. 1.

'92

Wm. S. Page is acting class secretary, Danville, Washington. For many years he has been connected with the U. S. Customs Department there.

Isaac P. Shelby has for several years conducted a consulting engineering and contracting office in Little Rock, Ark. His eldest son, William Taggart Shelby, is a junior in the Engineering College, University of Kentucky. The second son, Edward, is eight years old and is expected to be at U. K. in another ten years. Mrs. Shelby was Miss Augusta Taggart, of Mississippi. Address 1400 Broadway, Little Rock, Ark.

'02

John Lee Stoner, who has been in the oil business in Mexico for several years, is now with the East Coast Oil Company, S. A., Tampico, Tamps., Mexico, mailing address p. o. box 125.

'03

Among the "lost" and now found, is J. P. Whittinghill, "Little Whit," who is practicing law at Glen Dean Breckinridge County, Kentucky. There are rumors of his candidacy for the Legislature.

'07

Louis E. Hillenmeyer is class secretary. He is a member of the firm of Hillenmeyer & Sons, nurserymen. His many friends will regret to hear of the recent death of his father, one of the best known citizens of Fayette county. His address is R. F. D., Lexington, Ky.

Captain Don P. Branson is now on duty at Camp Gillard, Canal Zone, Panama, C. A. Mrs. Branson was Alice Lyle Crawley, also of '07.

'10

The class secretary is D. V. Terrell, Head of the Department of Civil Engineering, College of Engineering, University of Kentucky.

Carroll G. Taylor served in the Aviation Section of the U. S. Army during the World War. After his discharge he was connected with Henry L. Doherty & Company, New York City, until November, 1921. He is now a member of the firm, C. G. Taylor & Co., stocks and bonds, suite 1321-22, 27 William Street, New York City. He was recently elected vice-president of the New York Alumni Club. He served as secretary of that organization the past year.

'13

"The Kentucky Kernel, with its page of alumni notes, greatly refreshes my memories of college days and I always read it with great pleasure and interest. You have asked recently for personal notes for this page so I am giving you the story of James R. Bussey, who received his LL.B. in 1913. Soon after graduating he took up the practice of law in Paducah, Ky., and after one year of successful practice there, married a girl from Forest City, Arkansas. He moved to Forest City, and soon became a member of the law firm, Mann, Bussey and Mann. He came to St. Petersburg in 1920 and formed a partnership with Judge Freeman P. Lane, Lane and Bussey, with offices in the Central National Bank building. Mr. Bussey has also acquired considerable property in the Sunshine city and is a most valuable citizen. He has a wife and three kiddies and his beautiful residence overlooks Tampa Bay. He, however, frequently speaks of his love for Old Kentucky and his Alma Mater."—Edgar H. Dunn, American Bank & Trust Company Bld., St. Petersburg, Florida.

'14

"I have severed my connection with the Illinois State Highway Department and have accepted the position of general superintendent of construction for the L. S. Kuhn Construction Company, of Bloomington, Ill. Please change my address to care of above company, Oneda, Ill., or P. O. box 61, Oneda, Ill."—Levi O. Coleman.

'16

L. P. Jones, who has been farming at Mayfield, Ky., is now principal of the high school and teaching Smith-Hughes Agriculture at Cunningham, Carlisle County, Kentucky.

"There is no doubt but that a teacher has some influence on the students and of course we all urge students with ability to continue their education. I am always interested in the University but I feel so far away and things seemed so changed. I read with interest of any improvements and I love to see "Old State" grow and develop."—Carleton Brewer, teaching in high school, Danville, Ky.—Address 143 St. Mildred's Court.

'18

Morgan M. Atchison is practicing law in Denver Colo. Address 1650 Washington street.

THE COLLEGE ANTHOLOGY FOR 1923

Students who wish to submit poems for possible inclusion in this year's College Anthology (THE POETS OF THE FUTURE, Volume VII) are requested to send their contributions not later than May 15th to DR. HENRY T. SCHNITTKIND, The Stratford Company, Publishers, 234-240 Boylston St., Boston, Mass.

SOCIETY

Friday, April 27—Second performance of "Lady Windermere's Fan," in evening at Woodland Auditorium.

Saturday, April 28—Kappa Sigma fraternity dance in ball room of Phoenix Hotel.

Alpha Xi Delta Banquet

The thirtieth anniversary of the founding of Alpha Xi Delta fraternity was celebrated by the members of the University chapter Saturday night in the ball room of the Lafayette hotel.

The tables bore baskets of Columbia roses tied with pink tulle, and the place cards were programs embossed with the fraternity shield.

Zula Ferguson presided as toastmaster and her introductory talk was "On, On, Alpha Xi Delta." The other toasts were: Frances Stahel, "The Kick Off" (They're Off); Mary Katherine Jasper, "The Forward Pass" (Forward March); Elizabeth Morris, "Our Thirty-Yard Line" (By Leaps and Bounds); Norma Rachel, "The Touch Down" (Are We Downhearted? Goodness No!); Betty Brown "The Goal" (Something Accomplished, Something Done); Lula Blakey, "The Touch Back" (Secure in the Thoughts of the Past). Lucy Smith sang "The Evening Song."

Covers were laid for the following members of the active chapter: Dorothy Blatz, Betty Brown, Laura Hubbard, Lois Pearl, Kathryn Pennington, Irma Bain, Mary Elizabeth Crafton, Kathleen Edwards, Elizabeth Ellis, Frances Harris, Mary Elizabeth Luxon, Lucy Smith, Frances Stahel, Zula Ferguson, Elizabeth Holmes, Georgia Lee Murphy, Elizabeth Morris, Norma Rachel, Elizabeth Williams, Rowena Noe, Shelby Northcutt, Mary Katherine Jasper, Henrietta Green, Zelma Hall, Louise Atkins, Sarah Morris, Mary Louise Morris, and Sarah Collopy, a pledge.

The alumnae present for the banquet were: Misses Anne, Elizabeth and Nell Wallace, Virginia Croft, Austin Lilly and Mrs. Henry McConathy, all of Lexington; Misses Sarah Cardwell, Harrodsburg; Elizabeth Lovett, Benton; Virginia Shanklin, Fulton; Lucille Blatz, Lillian Allison, Roxanne Trimble, Willette Fritchner, of Louisville; Isabelle Darnell, Mayslick; Nell Gingles, Murray; Elizabeth Guthrie, Mt. Sterling; Mrs. Richard Hopkins, Misses Zerelda Noland and Lula Blakey, of Paris.

Tennis Club Officers

At a meeting of the University of Kentucky Tennis club held recently the following officers were elected: President, Charles Spillman; vice president, Eugenia O'Hara; secretary-treasurer, Dewey Welsh.

Philosophian

At a meeting of the Philosophian Literary Society of the University of Kentucky held at Patterson Hall the following members for the forthcoming year were elected: Elizabeth Wheeler, president; Marion Parsons, vice president; Rowena Coates, secretary-treasurer; Louise Carson, literary critic; Lucille Bush, sergeant-at-arms. The society voted that the next meeting which will be held May 7, will be an open meeting to which all former members will be invited.

Numerous committees were appointed.

Pi Alpha Theta Luncheon

The members of the Pi Alpha Theta fraternity of the University of Kentucky entertained delightfully with a 1 o'clock luncheon at the Lafayette hotel Saturday.

A centerpiece of sunburst roses, the fraternity flower, was used as the decorations, and the black and gold motif was carried out in the place cards and favors.

After the luncheon the guests motored to Winchester to attend a reception given by Miss Lucy Gardner at her home there.

The guests were William Emreys Davis, Marvin Wade Marsh, Anne Riddell and the following members of the active chapter: Bernice Booth, Gladys Booth, Anne Crabb, Genevieve Dunavant, Ruby Lee Dale, Lucy Gardner, Kathryn Evans, Lena Johnson, Lillian Mitchell Katherine McElonan, Elton Rice, Julia Gardner Ross, Mavis Sternberg, Belle Scott and Daisy Allen Taylor.

Fraternities' Dance

The Mystic Thirteen and Keys fraternities of the University entertained with the annual dance Saturday night at Buell Armory on the campus.

The chaperones were: President

Frank L. McVey, Dean and Mrs. Paul P. Boyd, Judge and Mrs. Lyman Chalkley, Dean and Mrs. C. R. Melcher, Colonel and Mrs. G. D. Freeman, Major and Mrs. Albert Tucker, Professor and Mrs. Edward Wiest, Dean and Mrs. W. E. Freeman, Dean Frances Jewell, Miss Marguerite McLaughlin, Dr. and Mrs. George Wilson, Mrs. Charles Judson Smith.

Members of the active chapters are: Mystic Thirteen—Marshall Barnes, T. G. Bayless, Lowell Truitt, Snead Yager, Carl Riefkin, Edward Gans, Arthur Bentley, William King, Daniel Morse, Charles Spillman.

Keys—William Tate, Robert Roberts, Thomas Fennell, K. H. Rohs, Wayne Faust, Tyler Mumford.

Miss Rosalie B. Geer, of Brooklyn, N. Y., national editor of Kappa Kappa Gamma fraternity, is spending a few days with the local chapter of Kappa Kappa Gamma.

Banquet for Miss Geer

The Kappa Kappa Gamma fraternity entertained with a banquet Tuesday evening in the palm room of the Phoenix hotel in honor of Miss Rosalie Geer, of New York, a Kappa Kappa Gamma National officer, who is a guest at the chapter house.

The tables were beautiful in pink and white, arranged in the design of a K and decorated with many crystal vases of pink and white carnations. The menu was elaborate and there were impromptu speeches and fraternity songs. An electric illumination over the mantel glowed with the words, "Welcome Kappa Kappa Gamma."

A list was not obtained but among those present were: Miss Geer, Mrs. J. B. Miner, Miss Maybelle Cornell, Mrs. M. P. Taylor, Mrs. Albert Shouse, Misses Mary Walton, Frances De Long, Fan Ratliffe, Janet McVey, Elizabeth Helm, Eleanor Chenault Smith, Mary Helburn, Emilie Gregory, Dorothy Monroe, Mary Snell, Ruby Virginia DeLong, Grace Davis, Helen VanDerveer, Elizabeth Millard, of Shelbyville; Sarah Blanding, Mabel Ruth Coates, Isabel Bennett, Laura Isabel Bennett, Julia Willis, Jo Evans, Elise Bohannon, Elizabeth Cromwell, Dorothy Monroe, Patsy McCord, Elizabeth Hume, Minnie Peterson, Mary Peterson, Rowena Coates.

Pan-Hellenic Luncheon in New York

Mrs. Mary C. Love Collins, of this city, national president of the Chi Omega fraternity, was one of the speakers at the Pan-Hellenic luncheon given last week at the Hotel Pennsylvania in New York City. Mrs. Collins has been spending some time in New York but came home for a few days two weeks ago. While here she was called from New York by long distance asking her to be one of the speakers for this luncheon.

The April Dance

Won't you come to our April party? We know you will have a good time. We'll have plenty to drink, from glasses that jingle,

But we're sure it will not be wine. It will be a cool, clear liquid, That comes from a well meaning spring; It will give you the pep, to get into the step, And around the floor we'll swing.

The date will be April 28th; The time—let's say, eight-thirty. The place—well, make it Dicker Hall. The girl ??? someone "pirty." If your wife should be out of town, Don't let that make you blue, There are plenty of girls who will be right there To give a welcome to you.

On the other hand, if your husband Should have an appointment that hour, Just come right along and forget him, And you'll not be a wall-flower. And now for you who have children, Don't let them keep you at home, But just be real prudent, and call in a student.

While off in Dream-land they roam. Committee—Miss Lily Kohl, Miss Maybelle Cornell, Mr. and Mrs. P. E. Kaeraker, Mr. and Mrs. J. S. Gardner, Mr. Wavland Rhoads, Mr. Jack Dorr.

JUNIOR MINERS RETURN

Continued from first page.)

luctantly continued to Birmingham, arriving there early Friday morning. And then, perhaps, more forcibly than ever before was brought home to them the wonderful spirit that exists among the "old boys" of Kentucky. Hardly had the newer generation finished breakfast when in burst the boys of yesterday's Old Kentucky. And the wonderful part about it was that they were not there because they felt it their duty but because they really wanted to be—they were proud to be seen with an embryo product of their old Alma Mater. For two days they were the hosts in a tour thru the Birmingham Valley. The iron mines, the roller mills, the blast furnaces, the converters, the coal mines, were visited under their supervision. They had us for luncheon twice and for a royal banquet at the Birmingham Country Club—they made a beautiful blueprint of the itinerary while in Birmingham—they prepared a leaflet describing the places to be visited—they treated us as visiting monarchs—they showed us the finest example of that divine hospitality that only one Kentuckian can bestow upon another—and they made us ashamed for our listless love of the grandest old school in the world.

CORNELL UNIVERSITY

announces a

Summer Session in LAW for 1923

IT ENABLES a beginner to commence the study of law in June, August, September, or February, and to graduate and prepare for the bar examinations in two and a quarter years; a law student to make up work or obtain credits; others to take law courses for business training.

COURSES in Contracts, Real Property, Criminal Law, Legal Liability, Public Service, Conflict of Laws, Taxation, Sales and New York Practice. FACULTY of nine members. Law library of 56,000 volumes. LOCATION in the Finger Lakes Country which provides an attractive environment for summer study.

WONDERFUL RESPONSE

"To hell with the Legislature, we'll do it ourselves!" was among the slogans submitted in one of the journalism classes to be used during the stadium drive. The more or less undignified expression did not have its origin in this column but unbecoming as it may be it nevertheless expresses purpose and spirit which prevailed among the students and faculty in the stadium drive in which they subscribed \$34,253.

The Kernel is frank to admit that when the proposal was made that the students and faculty would be asked to contribute \$25,000 it believed that this amount could not be raised, and if anyone had told us several weeks ago that our Utopian dream would soon be realized we would have regarded him with wonder and astonishment. Today we are on the brink of the most progressive step ever undertaken by the University, for which the students and faculty are responsible.

To our minds no undertaking has ever been "put across" as hurriedly, as willingly, as successfully as the stadium campaign drive which ended Friday after three days of concentrated effort upon the part of various organized teams, organized for the purpose of procuring funds. Shortly after the drive opened the Kernel caught a glimpse of the spirit of the student body and could see the wooden bleachers on Stoll Field fade into oblivion and in their stead the biggest and most beautiful stadium in the South.

The subscribed amount was obtained thru little effort and many persons who were unintentionally overlooked approached campaign workers and asked for subscription blanks stating positively that they wanted to have part in helping to build the stadium. These subscriptions were given willingly and will entail many personal sacrifices and denials by the donors.

The Kernel believes that the drive was launched just in time to prevent the Interscholastic High School Basketball Tournament held annually at the University of Kentucky from being moved elsewhere. We are now able to care for the many citizens who come from surrounding towns to witness these contests. The meeting of various high school students means bringing them in closer contact with university life and inspiring them to further their education.

The Kernel congratulates the student body and faculty for their financial support and the fine spirit in which they entered the work of the stadium campaign. It hopes that it

will be an inspiration to alumni and friends of the University of Kentucky to put forth every effort when they are called upon for donations.

THE STUDENTS SACRIFICED TO GIVE.

ALUMNI MUST SACRIFICE ALSO OR YOUR ALMA MATER SUFFERS.

A DEBT OF HONOR

The Kernel hopes that the amount of money necessary to build a basketball auditorium, which is the first great athletic necessity, having already been subscribed, the athletic authorities will begin at once to start the new basketball auditorium so there will be some tangible evidence at hand by commencement week so that those coming here for that event will see that the wishes of the donors are materialized. It believes that this court can be finished easily by the time of the tournament season next year. In expressing this hope the Kernel realizes only a part of the subscribed amount will become due by commencement and the remainder will not be all paid for 16 months and the duty of financing the building pending such payment is a grave one.

The Kernel has abiding faith in the ability and vision of the Athletic Council to accomplish this notable end.

"HE'S A GOOD FELLOW."

Another evidence that Dr. F. L. McVey is becoming more and more beloved by students of the University and is in close touch with things that interest students most was made manifest upon the night of the opening of the student campaign to get funds to build the stadium. Doctor McVey was on the program to meet Lord Cecil, eminent British diplomat, in Louisville on the same night that the drive opened for the stadium. Although it was a great honor and one that almost any executive would have foregone much to enjoy, our chief remained at home preferring to be "one of the boys" and aided in a work that was very close to the student heart.

The Kernel takes pleasure in saying to Doctor McVey that leadership and loyalty such as he displayed upon this occasion and such as he has displayed previously upon numerous occasions is bearing fruit upon this campus in the abundant affection of the student body for their chief.

The Kernel feels no hesitancy in stating that it believes there is more of a personal contact, good fellowship and good comradeship among the students and the president now than ever before and is becoming more pronounced daily.

CONGRATULATIONS FOR DESERVED HONOR

The Kernel is indeed gratified that the University of Kentucky won first place in the Southern Interscholastic Oratorical Contest held at Johns Hopkins University last week. This distinctive honor was brought to the University of Kentucky by James Darnell, sophomore in the College of Arts and Sciences.

The Kernel uses this means to congratulate young Darnell personally for the honor and distinction which he has so deservedly earned for himself and for the honor which he has brought to the University. He has for some time past been a commanding figure in numerous debates, oratorical contests and dramatic enterprises in which he has often participated, and has won favorable comment from judges and critics alike.

Darnell selected as the subject of his speech "Service the Motto of the Ages" and forcefulness of subject matter, masterful presentation and pleasing manner of delivery gave him distinction over representatives of Johns Hopkins University, University of Virginia and Sewanee and other large colleges of the South.

This is the second time that the University of Kentucky has won this distinction.

Y. M. C. A. OFFICERS ELECTED

Ballots were mailed out to all the members of the University Y. M. C. A. last week and the returns showed that the following officers were elected and will take office the first of May:

President, Marshall Barnes; vice president, Thomas Baird; treasurer, A. L. Atchison; secretary, S. R. Hill.

New members and old members who will succeed themselves on the board of directors are: Dr. Frank L. McVey, Dr. P. P. Boyd, Mr. D. C. Cruise, Thomas Baird, A. L. Atchison and James Darnell.

RAYMOND KIRK ELECTED

(Continued from Page One)

assisted the business department during the past year and reported for the Kernel. He is a member of Phi Delta Theta fraternity.

Cliff Thompson, Lexington, freshman in the college of arts and sciences, assisted the business department during the past year. He is a member of Sigma Alpha Epsilon fraternity.

The editor has not made appointments yet but will soon appoint sport, associate and news and society editors and any reporters that he may choose to appoint.

APPOINTMENTS MADE BY

(Continued from Page One)

both assigned to the English department.

College of Agriculture, Mr. J. H. Hunter, graduating from Clemson South Carolina, and Mr. E. L. Langford, of Boston, Ky., now a senior.

The committee found that the list of candidates for the master degree to be conferred next June is the longest yet presented at any commencement. The announcement of this list, however will not be made until examination week, according to Dr. Edward Tuthill, secretary of the committee.

MASONS NOTICE

All Masons are requested to sign sheets posted in offices throughout the various colleges in order that they may get in closer touch with one another. There will be a meeting of all Masons in the University some time next week. Notices will be posted as to the definite date.

Blanks have been left in the offices of Dean Melcher, Professor Dicker, Professor Olney, and Judge Chalkley for the convenience of the students in the various colleges.

PUBLIC SALES

We have purchased 122,000 pair U. S. Army Munson last shoes, sizes 5 1/2 to 12 which was the entire surplus stock of one of the largest U. S. Government shoe contractors.

This shoe is guaranteed one hundred per cent solid leather, color dark tan, bellows tongue, dirt and waterproof. The actual value of this shoe is \$5.00. Owing to this tremendous buy we can offer same to the public at \$2.95.

Send correct size. Pay postman on delivery or send money order. If shoes are not as represented we will cheerfully refund your money promptly upon request.

STUDENTS AND FACULTY GO

(Continued from page 1.)

of the total number of subscriptions gathered. These averaged \$18.27 per subscription, which is an exceptionally creditable showing.

The success of the campaign was due entirely to the energetic, intelligent and unselfish activity on the part of each worker. University authorities state that there never has been a campaign where the co-operation has been finer and the spirit more enthusiastic than that shown in the campaign just closed.

One faculty member remarked when the news was given out that the campus campaign had gone over the top by a good margin: "When you consider the fact that a large number of the students are working their way through college it seems to me that great credit should go to them because of the sacrifices which they are making to see that the dream of the best stadium in the South comes true. It is spirit and loyalty of this kind which will guarantee a glorious future for the University of Kentucky."

When asked for an expression regarding the University of Kentucky campus campaign, S. L. Postlethwait, Managing Director and Advisor, remarked:

"In all my campaign experience I have never seen such loyalty, co-operation and enthusiasm. The students and faculty of the University of Kentucky excel in these qualities any other student body I have ever met."

"It has been my pleasure to help raise hundreds of millions of dollars, but never in any instance have I observed so genuinely true and loyal a bunch. A like spirit throughout the state will assure an overwhelming success to the campaign."

—K—

DRAMATIC CLASS TO GIVE TWO ONE-ACT PLAYS

"Seventeen" and "The Florist Shop" To Be Presented

The class in Dramatic Production will present two one-act plays, "Seventeen" and "The Florist Shop" on Thursday afternoon, May 4, for the special benefit of the visiting High School students who will be here for the Inter-state Debating Contest.

"Seventeen" is taken from Booth Tarkington's book of the same name and is directed by Miss Lucille Cook. The leading part of William is played by Troy Perkins, who will be remembered as a member of last year's Sroller cast. "The Florist Shop" directed by Miss Edna Gordon was presented before the class last week; it is a charming little play and is well acted.

Tea will be served to the guests immediately after the matinee in the Y. M. C. A. rest room. The public is invited.

RETURNS FROM GEORGIA TECH MEET STILL OUT

Telegraphic Contest Between
First Year Teams Not Yet
Tabulated

Returns of the Georgia Tech-Kitten telegraphic track meet cannot be given as the Georgia Tech officials failed to send the times of their second place men. As soon as these figures are received the totals can be figured. Although the Kittens had no pace setters Saturday afternoon when they ran for the meet, they made good records. Hall and Miller made good records on the track, but the outstanding feature was the work of "Turkey" Hughes in the high jump, when he shattered state and University record in that event with a leap of 21 feet 8 inches. His high jump mark was 5 feet 7 inches which ties the University record. Both of these marks were far above those of the varsity men of both the Kentucky and Tennessee teams who worked just before the freshmen.

One of the Tennessee men remarked after the meet was over and he had seen the Freshmen perform, "We will never beat you fellows again in a dual meet. Those Freshmen you have will clean up everything."

There is no doubt that the Kitten runners would have made better marks if they had run against real competition instead of setting their own paces.

Another telegraphic meet will probably be run next Saturday with the Vandy Freshmen, and later with other yearling teams of the South.

—K—

FIRST YEAR NINE EASY

(Continued from Page one)

almost perfect shape. The work of the infield is of the highest type, while the outfield can always be depended on to deliver. In Hughes, Vossmeier, Samuels, and Riffe the Kittens have a strong pitching staff. Only six hits have been gained off their offerings this season.

The game was called after the Manuel boys had been at the bat in the seventh to allow them to catch the early train back to Louisville. Had the game gone the full nine innings the count would probably have been more.

Y. M. & Y. W. C. A. NOTES

The Y. W. C. A. and Y. M. C. A. social, which was given Friday night, April 13, in the reception room of the boys' dormitory, proved to be a great success.

In spite of the bad weather conditions, a large group of students gathered together and had a jolly time. The program consisted for the most part of games, after which sandwiches, cakes and punch were served. The party lasted until 10:30.

A joint meeting of the Y. M. C. A. and Y. W. C. A. was held Sunday, April 22, in the reception room of Patterson Hall. Dr. Noe was the speaker of the evening. The program also included special music. After the service a social was given and refreshments served.

Daddy Zerfoss will speak at the regular Y. W. C. A. meeting in Patterson Hall Sunday, April 29. There will be special music given by Miss Mary Catherine Daniels.

Oh, Girls, Look! The Y. W. C. A. is giving a hike Saturday, April 28. Come and enjoy the fun.

K

SENIORS

Pay your class dues at once to Julia Willis, Edith Alexander, Dan Baugh, Clyde Davidson, Raymond Arnold, James Humphrey, William Kirtley or Clifford Davidson.

We still owe \$1700 on the Annual which is long past due. Less than 40 per cent of the class have paid their dues. It is as much your duty as it is any Senior's to see that the class meets its financial obligations.

Don't wait to be asked two or three times. The students trying to collect dues have to attend classes the same as any one else.

Clifford Davidson,
Treasurer.

K

NOTICE

The White Mathematics Club met at 3:45 Thursday, April 19, in Room 305 of the Physics Building. Miss Tomie Brownson spoke on the cissoid of Diocles and Mr. W. R. Hutcherson described the conchoid of Sluse.

AGRICULTURAL NEWS

The Seventh Annual Convention of the South Central States Food, Feed and Drug Officials Association will be held along with that of the Central States Food, Drug and Dairy Officials Association May 1, 2, 3 and 4, at Louisville. Several men, representing the University of Kentucky will be at this meeting.

Wednesday morning Dr. L. A. Brown, in charge of the public service laboratories, Kentucky Agricultural Experiment Station, and Edwin Gott, bacteriologist in the laboratories, will speak on "The B. Coli count of milk, using Endo's Medium as an index of the sanitary conditions, in the production and handling of dairy products."

Eugene L. Jackson, vegetable histologist, Feeding Stuffs Department, Kentucky Agricultural Experiment Station, is to speak to the convention about—"The Value of the Vegetable Histologist in the detection of adulteration of food, feed, drugs, and feeding stuffs," on Thursday morning, May 3.

J. D. Turner, head of the Department of Feeding Stuffs, Kentucky Agricultural Experiment Station, has for his topic,—"Labeling of feeds in Kentucky and difficulty of adoption of uniform standards," which he will give Thursday afternoon. Mr. Turner is a member of the executive committee of the South Central States Food, Feed, and Drug Officials Association.

W. G. Campbell, a graduate of the University of Kentucky and formerly employed in the Feed Stuffs Department at the Kentucky Agricultural Experiment Station, and now acting chief of the Bureau of Chemistry, United States Department of Agriculture, Washington, D. C., is to make an address to the Convention, Friday morning, May 4.

BETWIXT US

(Continued from page 2.)

'20

Mrs. Harvey R. Livesay, formerly Margaret T. Bird, is living at Fort Sam Houston, Texas. Her husband is a Captain, Medical Corps, U. S. A. They have a daughter, Martha Jane Livesay. Address, Laboratory, 8th Corps Area, Fort Sam Houston, San Antonio, Texas.

"I am glad to note the spirit of loyalty and co-operation that is rapidly University and among the alumni and I would do anything within my power to give the University a greater spirit of co-operation and interest. Probably you will be interested to know that several days ago, Capt. A. L. Donan '07, Willard Barrows '12, and I, planned for a meeting of all students of the University who live in this (Webster) county, to organize a local alumni club. We are having a splendid response and expect to report a good meeting. We expect soon to have an active club, ready to co-operate in every way with the plans of

the Association and University."—Jay L. Chambers, superintendent of city schools, Providence, Ky.

'21

H. Ben Orr, is sales manager with the Armstrong Cork and Insulation Company, 808 Powers building, Rochester, N. Y.

"I know there are thousands of Kentucky alumni 'shouting from the housetops' over the stadium drive launched at the University. That's all that was needed; just start the ball rolling and it will go over in great style. This is the beginning of the march onward for the University that will carry into the centuries. Although Dayton does not have an alumni club we have a few members here who are ready to give their whole-hearted support for this edifice, I'm sure. Would like to know just what is expected, whether there will be boxes for sale as earlier planned, and also a list of alumni living here and you may rest assured they will receive personal interview from either E. M. Walter '15, or the writer."—Fred Luker, Box 137, Y. M. C. A., Dayton, Ohio.

"Please change my address to Evansville, Ind. I want the Kernel especially."—Mrs. R. E. Phillips (Kathleen Oglesby.)

'22

"In the short time that I have been away from the University I have come to realize more than ever, all that it means to me. It certainly is gratifying to know that I can depend on the University and Alumni Association for help and advice when the occasion de-

mands. I suppose it is true that we, of the teaching profession, are more apt to keep in close touch with the University and its work and I heartily agree with you that such should be the case. I believe quite a large percentage of our seniors will come to Lexington next fall.

"The editorial in the Kernel of March 28, entitled "Develop the Church Habit," might well have been based on conditions here. Good, broad-minded ministers, might do much in towns of this size to modify bad impressions left, in most instances, by visiting ministers and evangelists. I shall do all in my power to keep the relationship between the University, the Alumni Association and the public school system as close as possible."—Oscar C. Racke, Providence, Ky.

X = ?

Wanted—
men to find the answer

THIS is written to the man who loves to seek the unknown quantity. He is the kind of laboratory worker who ventures into untried fields of experiment, rather than the man who tests materials.

Industry has need of both types, but of the former there is a more pressing demand.

College men may have been discouraged from pursuing pure research. In this highly practical age it may seem there is little room for work which does not have an immediate dollars and cents application. But such is not the case.

The pure research man is the pathfinder. Without him our fountain of knowledge would dry up. His findings in themselves may be uncommercial, but they establish a field for others to develop.

Volta worked out the crude voltaic pile—unimportant until other men improved and applied it. And so with Papin in the field of steam, or Lavoisier in chemistry.

Men of the inquiring slant of mind, stick to your last. In post graduate study, on the faculty, in the laboratory of some industrial organization, there will always be an "X" to baffle other men and call for the keenest thought of you blazers of the trail.

KENTUCKY LOSES CLOSE CONTEST TO BEARCATS

Van Arsdale Holds Cincinnati Batters to Two Hits—One Is Home Run.

Wearied by a 90 mile bus ride which they were forced to take after a wreck on the Southern had compelled them to leave their train at Georgetown, and missing hitting and fielding practice, the Cats dropped a 2-0 game to the University of Cincinnati Bearcat nine last Saturday. Van Arsdale hurled a wonderful game for the Felines allowing but two hits in the six frames that the Queen City lads faced him. Roth, of the Bearcats, was equally right, permitting the Blue and White but three safeties.

The Kentucky delegation came in view at 4:30, two hours after the scrap had been scheduled to begin, quickly donned their uniforms, took about three minutes of fielding and no hitting practice, then started the game.

Miller and Sauer both fanned the breeze, victims of Roth's delivery. Captain Burnham swatted one to deep center that stuck in the marsh and refused to roll, giving the Cat second-sacker but two bases on what would probably have been a four-ply blow on good ground. Kelly beat out an infield hit and Ridgeway walked filling the bases. Pribble cut desperately at the horsehide, endeavoring to bring in the three tallies but failed to connect, ending the Cats only promising rally.

Cincy Catcher Hits For Circuit

Neither side was able to hit safely until the fourth. After Pichel had walked, stole second, reached third on a passed ball, and scored on Houston's fly to left, Reinhardt, Bearcat catcher, whaled a mighty blow into left field stands, and trotted around the second and final count of the game.

Ray Sauer, reached first on a Texas Leaguer back of first in the sixth, but perished on an attempted steal.

Van Arsdale's wildness kept him in continual trouble but with the exception of the fourth he managed to pull out of the holes without much trouble. The Cats played errorless ball behind "Arsenic" but could not get to Roth. The contest was called after the Cats had hit in the seventh because of darkness.

The box score:

Kentucky:	AB	R	H	P	O	A	E
Miller cf	3	0	0	0	0	0	0
Sauer lf	3	0	1	1	0	0	0
Burnham 2b	2	0	1	2	2	0	0
Kelly 1b	3	0	1	7	0	0	0
Ridgeway rf	2	0	0	0	0	0	0
Pribble c	3	0	0	7	1	0	0
Rouse, ss	3	0	0	1	1	0	0
Arnold 3b	2	0	0	0	0	0	0
Van Arsdale p	2	0	0	0	4	0	0
Total	23	0	3	18	8	0	0
Cincinnati:	AB	R	H	P	O	A	E
Hayes 2b	3	0	0	1	3	0	0
Fessenden cf	2	0	1	0	0	0	0
Pichel 3b	2	1	0	2	1	0	0
Wykoff lf	3	0	0	2	0	0	0
Houston 1b	0	0	0	9	0	0	0
Reinhardt c	2	1	1	6	1	0	0
Hoy rf	2	0	0	0	0	0	0

CATS LOSE TO VOLS BY CLOSE MARGIN IN FIELD MEET BY SCORE 68-63

Relay Race, Final Event, Captured by Tennesseans, Decided Track Contest.

WILDCATS OBTAIN LEAD.

Vols Overtake Cats Towards Close; Dope Bucket Is Overturned

Kentucky runners were defeated by the University of Tennessee squad last Saturday when the Vols took the relay, the final race of the dual meet that was staged on Stoll Field and triumphed by the close score of 68 to 63. At the start of the relay the score was tied, both teams having scored 63 points. Ogden first man for the Wildcats ran an even race with his man, but Gorman who had just finished the 880 lost to the fast Kay and gave Nantz a poor chance against Dumas. Nantz made a thrilling effort and while he cut down the lead that the Vol runner had, he could not overtake him and left Tennessee with a sufficient lead for Captain Davis to easily cross ahead of Caldwell. The Cats ran a pretty race but the Tennessee relay team was too strong.

Dope was reversed by both teams as it was thought that Kentucky would take all the track events and Tennessee the field events. Davidson and Dewhurst and Gregg came thru with wins in the field events, however, and the Tennessee runners won all of the track events with the exception of the 100 yard dash and the distance events. Kentucky started with a rush and went off to a big lead, but toward the middle of the meet, the Vols drew closer until the last of the affair was nip and tuck.

Captain Davis, of Tennessee was the high point man of the afternoon. The Tennessee star won every event he entered, taking first in the 220, 440 and 880 runs and running in the relay. This lad is one of the best trackmen of the South, and it was not unexpected when he outdistanced the Cats in his events.

The summary:

100-yard dash—Nantz, Kentucky; Brewer, Kentucky; Dumas, Tennessee. Time 10:1-5.

Shot Put—Davidson, Kentucky; Kefauver, Tennessee. Distance, 36 feet, 11 inches.

120-yard High Hurdles—Kay, Tennessee; Dewhurst, Kentucky; Dumas, Tennessee. Time :15 4-5.

Pole Vault—Gregg, Kentucky; Batey, Tennessee, and Wolfe, Kentucky, tied for second. Height, 10 feet 6 inches.

Discus—Kefauver, Tennessee; Morris, Tennessee; Davidson, Kentucky. Distance, 117 feet 10 inches.

440-yard Dash—Davis, Tennessee; Caldwell, Kentucky; Bell, Tennessee. Time :52 1-5.

High Jump—Fonde and Batey. Tennessee tied for first; Brewer, Kentucky.

Two-Mile Run—Porter, Kentucky; Deatherage, Tennessee; Brown, Kentucky. Time 10:27 4-5.

Javelin—Dewhurst, Kentucky; Fonde, Tennessee, and Wolfe Kentucky, tied for second. Distance, 160 feet.

220-yard Low Hurdles—Kay, Tennessee; Dewhurst, Kentucky; Dumas, Tennessee. Time :25.

Broad Jump—Vowell, Tennessee; Brewer, Kentucky; Nantz, Kentucky. Distance, 19 feet 5 inches.

880-yard Run—Davis, Tennessee; Gorman, Kentucky; Hickey, Tennessee. Time, 2:4 2-5.

1 Mile Relay—Won by Tennessee. Time 3:33 4-5. Team composed of Batey, Kay, Dumas and Davis.

BANQUET GIVEN TO MENS BIBLE CLASSES OF U. K.

Three Groups of Students Are Honored For Their Attendance

The Men's Bible Class for the past year held a banquet Thursday at 6 o'clock at the Y. M. C. A. There were 48 students present to honor the three groups living at 628 South Limestone, 155 Virginia Ave., and 344 Harrison Ave. who were 100 per cent in attendance.

Short talks were made by Dean Boyd Professor Bureau, Mr. Russell and Dean Massie, of Christ Church Cathedral. There are 20 groups in the University who have completed the course. Ten were led by faculty members, nine by students and one by a minister. The attendance for ten weeks was 3,017 with an average attendance of 301 a week.

The following groups have completed the course: Alpha Gamma Rho, Alpha Sigma Phi, Alpha Tau Omega, Delta Chi, Kappa Sigma, Phi Kappa Alpha, Sigma Alpha Epsilon, Sigma Chi, Sigma Nu, Tau Delta Alpha and Triangle. The following rooming houses have completed the course: 381 South Upper, 628 South Limestone, 155 Virginia Avenue, 334 Harrison Av., 409 Linden Walk, 328 Aylesford, first and second floors of the Men's Dormitory, and the third and fourth floors of the Dormitory.

GALLI-CURCI TO SING AT WOODLAND AUDITORIUM

Concert to be Fitting Celebration of May Day, May 9

Galli-Curci, the foremost singer in the world, the greatest coloratura soprano of all ages will sing in Woodland Auditorium, Lexington, Wednesday evening, May 9, at 8:15 o'clock. One's imagination leaps ahead of mere words as an adequate expression of the art of Galli-Curci. Her voice is one of heavenly beauty, wonderfully pure, amazingly flexible, and of even quality throughout its entire compass—a voice that haunts the memory.

Galli Curci is now in the biggest season of her career. The insistent demands for her appearances are so great that only a minor part of them can possibly be taken care of during the present season. It is due to the cancellation of a date that has made it possible for Kentucky to be thus honored by the presence of this great artist at this time.

Other states celebrate the beautiful month of May with their "May Festival." There is not a more adequate way for Kentuckians to grace this beautiful season of spring than by sitting at the feet of Galli-Curci "the foremost singer of the world today" and experiencing the delight that one gets from coming under the spell of this great master of song.

Tickets are on sale now at the Lexington College of Music, Lexington and will be on sale in Ben Ali Theatre lobby beginning Monday, May 7 at 9 a. m. Prices are \$3.85, \$3.30, \$2.75 and \$2.20 including war tax. Order tickets now.

Mr. C. O. Mattingly, student assistant in Botany, has been appointed principal of the Warsaw high school for next year.

BO HEMIA SAYS

THE STADIUM

I've heard the old ramshackle Kentucky Bleachers crackle
Each time a Wildcat tackle
Tore off a halfback's feet.
I've seen the people wishing
They'd never bought admission--
They had a premonition
They'd never get a seat.

But soon we'll holler louder,
With voices more and prouder;
We'll entertain the crowd, or
Try mighty hard, by gum!
Then watch each prof and scholar
That ever gave a dollar
Stick out his chest and holler,
"Gaze on our stadium!"

Rules of Etiquette

Chapter 1 (Concerning Burglars)

Rule 1. Never observe a burglar when you are alone. You would be considered the victim of hallucinations and your testimony would be discarded. Your friends might call the police—but only for the sake of politeness.

Rule 2. When properly equipped with a witness or witnesses you may observe burglars to your heart's content.

Rule 3. Ordinary Procedure

a. Scream. Scream louder and allow the witnesses to scream with you. Encourage the gifted members of the group to indulge in hysterics. Call your neighbors, call your friends and, above all call your latest crush. Scream, "Help! Murder! Fire!" at the top of your lungs. This is the crisis, make the most of it.

b. Last of all, call the police. They appreciate this delicate attention. They will arrive in time to re-awake the neighborhood and assure you of your absolute safety.

c. Talk of your burglar continually for the next week and after that introduce the subject as often as you can find an opening for it.

Rule 4. Extraordinary Procedure:

a. Remain silent. Feign unconcern, permitting only an occasional shudder. Manoeuvre so that one person reaches the telephone without attracting the burglar's attention. This person calls the police. Practice deep breathing exercises and maintain silence until the police arrive.

b. The police arrive silently, hold a whispered conversation with their informant, and catch the burglar. It is customary to gnaw the fingernails or weep quietly during this portion of the ritual.

c. Pandemonium breaks loose! Give way to your feelings and join the others in illustrating the extremes of emotion. Scream; faint; revive; scream; faint; revive; and continue ad libitum. Clutch the nearest policeman and succumb upon his manly chest. Then resume the system of fainting, reviving and screaming.

d. Talk of the episode continuously for the next three months, allowing no interruptions. Add details and lengthen the narrative as often as possible. It is only courteous to describe your burglar as an ugly villain of the deepest dye, but never forget that you are the principal character in the thrilling narrative. The story of your capture of the burglar is a valuable anecdote to relate at dinner parties and other social affairs. It is guaranteed

to retain its freshness as long as you do.

NOTE—The foregoing rules of etiquette have been compiled after careful study, on the part of the author, of the usual procedure existing in girls' dormitories and sorority houses.
M. E. J. '23.

Bohemia has no political interests to foster, but to save ourselves the embarrassment of refusing hearty co-operation to the other ten candidates it hereby announces itself heartily in favor of Norris Royden for president of the Student Government Council.

NOTICE!

Old clothing for the relief of European students will continue to be collected this week and next. Anyone who has any old garments or shoes to give away is requested to leave them at one of the fraternity houses, the University "Y" rooms, or the dormitory or to call 2428 or 3236-y.

Prof. E. F. Farquhar delivered the commencement address at Science Hill Friday night.
